A.1. Worktop

A.1.1. The worktop and side panels are manufactured from **38 mm thick particleboard**, finished with **natural wood veneer**.

A.1.2. The worktop is equipped with **two metal cable-management grommets**, available in painted or nickel-plated finish, as selected.

A.1.3. The modesty panel is manufactured from **4 mm thick extra-clear painted glass**, bonded to **25 mm thick melamine particleboard**.

A.1.4. The extension is also manufactured from **38 mm thick particleboard**, finished with natural wood veneer. It is supported, on one side, by the main worktop and, on the other side, by a **fixed pedestal**, through a **metal tube with a diameter of Φ 60 mm**.

A.1.5. The pedestal positioned underneath the extension is manufactured from **18 mm thick particleboard**, finished with natural wood veneer. It features **three drawers with telescopic runners**, a **pencil tray**, a **central security lock** and an **anti-tilt system**.

A.1.6. A **metal cable-management channel** can optionally be installed underneath the main worktop for cable routing.

A.1.7. The side panels are supported by **four die-cast Zamak feet**, available in painted or nickel-plated finish, as selected.
