Work Desk

- A.1.1.** All worktops are manufactured entirely from **25 mm-thick three-layer particleboard**, while the modesty panel has a **thickness of 18 mm**. The particleboard is **E0.5 emission class**, with **double-sided melamine coating**.
- A.1.2.** The visible edges, namely the edges of the **worktop and side panels**, are finished with **2 mm-thick edge banding** with an appropriate finish, while the non-visible edges are finished with **0.45 mm-thick edging tape**.
- A.1.3.** Each side panel is fitted at the bottom with **two feet made of reinforced polyamide**, ensuring the **safe and stable support of the desk**.
- A.1.4.** **Extension along the long side of the desk** is achieved by means of suitable **metal connection brackets for joining the worktops**. For auxiliary surfaces positioned perpendicular to the desk, the connection is made using a **special heavy-duty metal connector**, while support is provided by a **cylindrical metal leg** finished with **electrostatic powder coating**.
- A.1.5.** An **optional cable management channel** can be installed through the modesty panel or underneath the worktop, together with **cable outlet grommets on the worktop**, providing efficient and organised cable management.
